

OREGON CITY SCHOOLS FOUNDATION NEWS

February 2008

Annual Fund Drive

The Foundation is distributing funds from the annual fund drive. Since the results were not what we had hoped for the foundation has voted to match the money raised to be able to provide more for technology purchases at each building.

The foundation notified each school in January that the foundation is offering \$600 in matching money for technology purchases. It is our hope that each school will opt for another SMART Board for their buildings but we know there are other needs as well.

You can continue to contribute throughout the remainder of the year to allow even more purchases. You can give in two ways:

1. Logging on to <http://www.donate2educate.org> and looking for the Fund Drive link. This site accepts credit cards.
2. Mailing your donation to:

DONATE2EDUCATE CONTEST

The contest is still running, through February 15th!

The school that has the most "hits" on D2E will win a cash award. Points are awarded by: 1. signing up new users, 2. submitting new projects and 3. donations to projects.

Be sure your teachers are putting on new projects and that you are visiting the site. By viewing the projects on the site you can see what other schools are doing. Did you know that Mt. Pleasant just received half of their funding for phase II of their "Backyard" project?
